## 3.Main reasons for earnings forecast revisions

## Decrease in sales

- We expect decreased revenues on a non-consolidate basis due to lower cement sales volume in Japan; on a consolidated basis, we anticipated lower sales due to lower cement sales volume in the U.S. to compound this.

Decrease in ordinary, net, and current-net income-

- We expect these decreases in sales to result in lower ordinary, net, and current-net income than initially anticipated.
