## Price revision of cement and cement-based solidifying agents

**Taiheiyo Cement Corporation (Headquartered in Bunkyo-ku, Tokyo; Masafumi Fushihara, President & Representative Director) will offer purchasers an option to choose either the "Coal Price Surcharge System" that was announced in June 2022, or a "Fixed Price Revision" method to reflect the soaring cost of coal used for cement manufacturing in the price of cement and cement-based solidifying agents.**

### 1. Applicable products

Cement and cement-based solidifying agents

### 2. Price Revision Method and Amount

Purchasers will be able to choose either the Coal Price Surcharge System or a Fixed Price Revision.

#### ○Coal Price Surcharge System:

The Coal Price Surcharge System (announced on June 10, 2022) is applied.

#### ○Fixed Price Revision:

The price revision is +3000 yen/ton

### 3. Period of implementation

The price revisions will apply to shipments from October 1, 2022

\*The Coal Price Surcharge System was scheduled to be introduced on September 1, 2022, but will be implemented from October 1, 2022 following the transition to this price revision option method.
