

## Taiheiyo Cement is Recognized as a “Outstanding Organization of KENKO Investment for Health” for Four Consecutive Years

Taiheiyo Cement Corporation (Head Office: Bunkyo-ku, Tokyo; President and Representative Director: Yoshifumi Taura) has been recognized by the Ministry of Economy, Trade and Industry and the Nippon Kenko Kaigi as a “2026 Outstanding Organization of KENKO Investment for Health (the Large Enterprise Category)” . We have been certified for four consecutive years.

The Certification System for KENKO Investment for Health recognizes businesses such as large enterprises and small and medium-sized enterprises that are practicing particularly good KENKO Investment for Health based on initiatives that are tailored to local health issues and health promotion initiatives promoted by the Nippon Kenko Kaigi.

We prepare “Health and Productivity Management (H&PM) Plan” every fiscal year as part of our human capital management. In fiscal 2026, we implemented various measures to maintain and promote health, such as holding “walking events” with Taiheiyo Cement Health Insurance Society twice a year. At the same time, we enhanced our system of initiatives and information disclosure, and reviewed the effects of our activities to make improvements.

We will continue to promote human capital management in cooperation with the health insurance society and other related organizations so that all employees can enjoy long careers while balancing work and family life.
